Collaborating for the second consecutive year at the sixth annual edition of the fair which supports emerging artistic talents from around the world, Art World Forum will once again be credited as the Official Talks Organiser.

Formatted as a dynamic agenda, full of presentations, interviews and panel discussions, the day promises constructive discussions targeted at experienced collectors, professionals, art supporters and industry newcomers keen on learning more about the arts and participating in an experience at large.

The theme *"The Bigger Picture"* seeks to create an inclusive atmosphere where speakers will address matters currently affecting the art market including *"The Arts: Where Are The Women and How Do We Achieve Diversity?"* and *"Investing in Art, Artists and Creative Businesses"*. Join us as we welcome notable speakers Sylvain Levy, Marine Tanguy, Lise Arlot, and Rory Blain among others on a day which challenges debates, social responsibilities and experiential changes.
